

DIGESTAR the choice of champions at the NRM 2010

Nieuwleusen (1 July, 2010) — During the NRM, Dutch cattle manifestation held in Utrecht (NL) on the 25th and 26th of June, Digestar showed its absolute quality. Teus van Dijk from Giessenburg was General Champion Black and White with his Juror; Wilhelmina 358 and Teun van Vliet had the Champion Middle Class.

DIGESTAR: “The Choice of Champions”

Teus van Dijk used Digestar in the preparation to the National Show “Thanks to Digestar cows were fit, kept their appetite during the show and were in top form ” said Teus van Dijk.

Theo van Vliet from Nieuwlande won with Spirit Precilla (v. Spirit) the Championship in the middle class Black and White. He used Digestar before and during the show. “The cows were at their absolute best and intake was not affected during the show” according to Theo van Vliet.

AGRiPROM replaced Fastrack by Digestar recently on the European market. In 1991 we started as first with Fastrack ‘direct fed microbials’; a revolution in feed supplements, we were met scepticism. However many followed since. We now have put 20 years of experience in a new range of products called **DIGESTAR**.

AGRiPROM has put more and better ingredients in the Digestar composition, we are convinced that you will be satisfied with the result.
