

Easy Roll

Cow Matresses

Comfortable cows produces more milk. The Easy Roll exists of 100% rubber and strengthened by a polyester weaving. Rubber has proven quality as cubicle coverings. The Easy Roll Mattress is easy to install and will delivered with a Energetic® Latex underlayer.

The Easy Roll Mattress has a lot to offer:

Advantages

- ⇒ The mattress remains elastic and does not deform.
- ⇒ The mattress is very durable and reliable.
- ⇒ Cows stand up easier, the mat is not slippery.
- ⇒ Easy to clean, highly flexible top mat.
- ⇒ Easy to install.
- ⇒ Labor-saving.

Top mat of rubber:

The top mat is solid and consist of 100% rubber strenghtened with a nylon inlay. Thickness of the top cover is 11 mm. The top side of the top mat is made of a hammered profile, which optimises the grip. The frontside of the mat has a massive edge of 10 cm and is provide with grooves. The backside of the mat has a massive edge of 20 cm provide with 7 grooves, to ensure that no moisture can get under the mat. The last 20 cm is also a gradient of 3% to run the moisture from the mat.

Filling:

In the bottom of the Easy Roll Mattress is a hollow for the Energetic® Latex underlay. The thickness of this hollow is 11 mm. The Total thickness of the mat is 22 mm.

Technical data

- Toplay : Hammered profile.
Underlay : Hollow in the bottom for the Energetic® Latex underlay.
- Dimensions : Thickness: 22 mm (toplay 11 mm and the Energetic® Latex underlay 11 mm) . Width: 185 cm. Length: 30 meter
- Frontside : Massive edge of 10 cm.
Backside : Massive edge of 20 cm (with a gradient of 3%).
- Material : Rubber with a nylon inlay for extra strenght.
